Online Registration

Scouting America offers an online application process for new youth and adults that can be completed almost entirely online. This allows prospective members and leaders to register and pay in a way that's convenient for them. Please be aware that adult volunteer clearances required by the Commonwealth of Pennsylvania do necessitate some additional steps.

See the links below or the QR codes on the reverse side of this flier for more details.

Invitation Manager

Invitation Manager is your leads resource tool. This is where any inquiries from BeAScout will come in and await your response. You can also add leads manually during joining events or from names provided by unit members and send invitations to join that include a link to your unit's application. There is also a URL and QR code specific to your unit that can be downloaded from this tool to use in your unit's recruitment efforts.

Application Manager

Application Manager is the place where you review and take action on applications that are submitted by families. Most families expect a response within 24 hours of submitting an application.
